**For Immediate Release**

**MINNEAPOLIS** - Quality Tech Services, Inc. (QTS), a medical device packaging and assembly firm has doubled the size of its headquarters with a move from Edina to Bloomington, Minn. in June 2008.

QTS has been leasing a facility in Edina, Minn. since 2001. "The decision to purchase the facility will continue to allow QTS to grow while creating a significant presence in the medical device industry," said Doug Wilder QTS President/CEO. The 54,000 square foot facility at 10525 Hampshire Ave. enables QTS to double the size of their ISO Class 7 clean environments, production space, warehouse and engineering lab.

QTS specializes in clean room assembly, packaging, and sterilization for medical devices. The company is privately-held and headquartered in Bloomington, MN. QTS is ISO certified to 13485: 2003 and FDA compliant. For more information please visit [www.qtspackage.com](http://www.qtspackage.com).
